

Commencement : August, January  
semester  
Duration : 3-4 years full-time  
Credit units : 40 minimum for students with similar  
academic background  
52 minimum for students with different  
academic background  
Admission : Master degree in Urban and Regional  
requirements Planning and other related fields,  
Academic Potential Test,  
English Proficiency Test,  
Interview.  
Degree Granted : Doktor (equivalent to PhD Degree)

#### PROGRAM OUTLINE

The doctoral program offers a specialized academic endeavour in the fields of regional and rural planning, urban planning and design, regional and urban infrastructure system, and policy planning and development management. The objective of the program is to develop independent research skills and an ability to relate a specific research topic to a broad framework of knowledge in a relevant discipline area. Doctoral candidates develop a capacity to create knowledge and to communicate and disseminate it to the academic community and the general public.

Students will be assigned an academic supervision committee with whom they will work to pursue their research. All students are required to take a qualifying examination before initiating their research for doctoral dissertation. Students who have obtained the status of doctoral candidate and completed their dissertation must pass a final examination and have their dissertation approved by the examination committee.

#### CURRICULUM

Since 2013, the doctoral curriculum is divided into 4 (four) consecutive phases:

- First phase: research methodology, colloquium and qualifying or preparatory examination and additional elective courses (in total 14 credits for students with similar academic background, 26 credits for students with different academic background). Students are required to have 12 months residence period in the campus and pass the qualifying examination.
- Second phase: proposal writing (3 credits)
- Third phase: research and dissertation writing (20
