

PL6009 International Studio on Planning and Design in the Global South

| | |
|---|--|
| Module designation | International Studio on Planning and Design in the Global South |
| Semester(s) in which the module is taught | 3 rd Semester (second year of master program) |
| Person responsible for the module | Ninik Suhartini, S.T., MURP., Ph.D. |
| Language | Indonesian |
| Relation to curriculum | Elective |
| Teaching methods | Group discussions, collaborative learning, case studies |
| Workload (incl. contact hours, self-study hours) | Estimated) Total workload: around 40 hours per week x 4 weeks = 160 hours <ol style="list-style-type: none">1. In-Person Class: 40 hours2. Field Study: 40 hours3. Tutorial: 80 hours4. Individual Task: 20 hours |
| Credit points | 4 CU/6,67 ECTS |
| Required and recommended prerequisites for joining the module | - |
| Module objectives/intended learning outcomes | Studio participants are expected to be able to create effective planning and design recommendations by evaluating the planning context, analyzing data and thematic issues, and gaining knowledge and skills related to the studio theme |
| Content | The main theme of International Studio on Planning and Design in the Global South is Understanding the Self-Organised Cities in the Global South and will focus on planning and design adaptations including identifying myriad interventions and modified cations in housing, basic infrastructure, development management, local economy, transport, public space, and disaster mitigation. The case study is located in cities of the Global South by examining examples of both forma land informal settlements. The students are expected to comprehend broader perspectives of a city as it is in term of planning and design, demographics, social and economic attributes, environmental contexts, urban form and structure, as well as governance dynamics developed by different stakeholders. |
| Examination forms | Midterm, final exam, group discussion, group assignments |
| Study and examination requirements | Assignment 1: Critical Review (20%) Assignment 2: Analysis on Case Studies (30%) Assignment 3: Planning and Design Proposals (50%) |
